

New Year's Day Fun-fly. At the Bowser Ridge Model Airport. *Free Admission!*

New Year's Day, Time: 1 ~ 4 PM.

The Johnson City Radio Controllers Club (JCRC) is hosting a fun fly on New Year's Day. A Fun-fly gives pilots to show off new aircraft, tools, and camaraderie. Come on out to the field New Year's Day and enjoy a bracing (exhilarating, breath taking, and/or cool) flying day. We will have a potluck lunch (chili or something else hot and hearty), bring your favorite side or desert to share with your friends.

We are continuing our tradition of starting the year off right with great friends and fun flying. This isn't just a bunch of crazy pilots grabbing airtime when our wives or significant others aren't around. Well, maybe it is, but it's still a great bunch of friends having fun together!

Views of aircraft at one of our Summer Fun Fly Events.

We are on the ground!

Airplane flying low and slow during a limbo contest. Last year's New Year Day Pilots and Family.

We will have a variety of aircraft airborne throughout the day. If you are interested in any aspect of aviation, whether with airplanes, helicopters, or other types, just drop in and enjoy.

We proudly offer ***free flight training*** in order to allow everyone to enjoy flying model aircraft.

Please contact one of our intro pilots in order to take advantage of this **free** training.

Check our website www.flyjrc.com for details and directions.

Bowser Ridge Model Airport is located just off of Easter Star road, minutes from the I-81 & I-26 intersection.
