

4th Annual Halloween Fun Fly

Saturday, 26 October, Time: 10 ~ 2 PM.
At the Tri-Cities Model Airport.
Free Admission!

The Johnson City Radio Controllers Club (**JCRC**) is hosting a fun fly and Non-Traditional Aircraft Competition. A fly-in gives pilots to show off new and old aircraft to friends and newcomers. Our Non-Traditional Aircraft Competition (*Otherwise known as the weird aircraft contest*) will showcase different and decidedly strange aircraft designs that fly.

Some aircraft that might be flying.

We will have a variety of aircraft airborne throughout the day. If you are interested in any aspect of aviation, whether with airplanes, helicopters, or other types, just drop in and enjoy.

The J.C.R.C. is a non-profit club dedicated to educational and recreational use of model aircraft. We offer free flight training in order to allow everyone to enjoy flying model aircraft. Please contact us to take advantage of this free training.

Tri-Cities Model Airport is located just off of Easter Star road, minutes from the I-81 & I-26 intersection.

Please check our website www.flyjrc.com or
Face book at; facebook.com/flyjrc for information and directions.
