

# Indoor Fun-Fly

**Saturday, 28 December, Time: 2 ~ 6 PM.**

At the Kingsport Civic Auditorium.

**Free Admission!**

The Johnson City Radio Controllers Club (JCRC) is hosting an indoor electric fun fly. We will have a variety of electric powered aircraft airborne throughout the event. If you are interested in any aspect of aviation, whether with airplanes or helicopters, just drop in and enjoy. Come on out and join in the fun! If you don't have an aircraft to fly, come on and look at what your friends have built. See the wonderful flying machines in the 300,000+ cubic feet of airspace! Who couldn't enjoy that! Enjoy all of the laughter and excitement. ☺

The J.C.R.C. is a non-profit club dedicated to educational and recreational use of model aircraft. We offer free flight training in order to allow everyone to enjoy flying model aircraft. Please contact us to take advantage of this free training.

A helicopter, flying upside down on purpose!

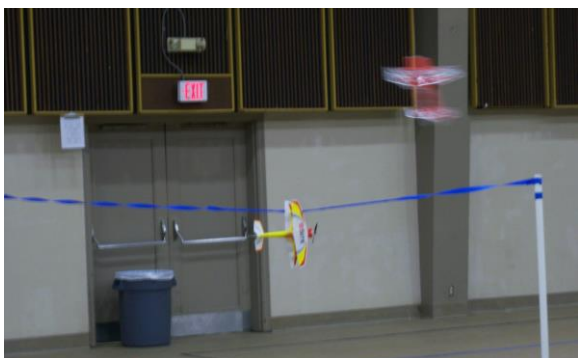

Sky Shark takes to the air!

Who needs a helicopter to hover????

Preparing to take off.

The limbo contest.

Helicopters are easy? !!!

Check our website [www.flyjrc.com](http://www.flyjrc.com) for details.
