Glenn Ross brought up the idea of giving Craig the authority to buy necessary electronic additions. Craig elaborated and mentioned he would like a touch screen tablet for people to sign in with. This would be mounted in the cabinet.

He would also like a large screen tv to display various bits of information such as

Brief discussion on budgetary considerations and how they impact the purchase of the electronics and lanyards.

Vic Koenig brought up a safety objection to lanyards in that they could be caught in a prop if you leaned over. Dan Jackson mentioned the benefit of having all three ID cards handily in one place on the lanyard.

Brief discussion on National Model Aviation Day fly-in in August.

Dan requested a work day on July 13<sup>th</sup> to move dirt and do other functions in preparation for the fly-in.

Dan mentioned that we lost another Apprentice because it lost signal and went down. Bob Barrett from Hobbytown gave us a deal on a new one and Dan ordered one.

New Business:

Glenn: we have an open position of Event Coordinator due to the resignation of Steve Hodges. Dan asked for a volunteer since we have two events left and we want to plan for next year.

Glenn has received 15 emails about people who enquired about the club.
