

Johnson City Radio Controllers

AMA # 2306

120 Lancaster Road, Kingsport

June 2018

President's Report

Hello Club,

Summer is upon us and the chance to get out and enjoy the flying is amazing. Even with summer storms it has not slowed down the flying happening at the field. I have really enjoyed seeing everyone coming out and having a good time.

As was discussed at the last meeting there are two items that I need everyone to be thinking about. One is the participation in Kingsport FunFest 2019 and the other is the Indoor flying at the ETSU Mini-dome in March 2019. I know both of these events are next year, but it will take a lot of planning and participation to do both of these events.

I am hoping that we can get participation at FunFest 2019 to show all aspects of RC flying. I will be bringing this up every meeting trying to iron out the details. Please be thinking about what you can do to help us put this together for the community

The Indoor Fly-In at the dome is something I really think we need to do. I have heard from many that the AMA used to hold the Nationals there and this is our opportunity to host an event. This again will take a lot of planning and participation from the club, but I also think this could be something that will greatly increase our visibility in the community.

Think on these two items and what you can do to help make them a success.

Tim
