# President's Report

Hello Club,

We are heading into latter part of this summer flying season. The final two events planned at the field are happening August 11th and September 1st. The National Model Aviation Day picnic will be from 9:00 until 2:00 on Saturday the 11th. Come out for a good time of flying and fellowship. On September 1st will the inaugural JetFest event at the airfield. The event will take place from 9:00 to 6:00 and will be an EDF event. We have interest from other clubs and from RC forums on this event and look forward to showing them a good time. This event is sanctioned so that means when you come with your EDF either have your AMA card or know the number so that it can be looked up. This is a requirement of a sanctioned event.

Chillin' & Grillin' has again been a great time at the field on Tuesdays this summer. I am making a change in that August will be the last month of Chillin' & Grillin'. I will be closing the grill down with the last event of this season on September 1st. If anyone else would like to continue, please do so.

The final item I want to ask input from all of you is the Path Forward of the Club. I had ideas and plans that I would like to have seen happen but quickly learned that if the club doesn't want it then its not going to happen. I am asking every registered member to take a minute and send me a response to the statement below. There are 70+ members in the club so I am hoping that I will get 70+ responses. I would like a response to this statement:

**“I WANT TO BE PART OF JCRC TO \_\_\_\_\_.”**

**A: Just Fly and Socialize**

**B: Increase Membership and Have Planned Events**

**C: Other**

There is no wrong answer, both A and B appeal to me. I would really like to know what you think.  
Thanks
